# *Executive Director Report*

## **To our beloved Family, Friends, and Supporters**

As we have made our way through the past year, I feel very fortunate and proud to have such a strong and dedicated team. They have never given up or resisted caring for our patients and families during the pandemic. We have continued providing exemplary care for our current patients and families, while accepting new patients and families, always cognizant of keeping everyone safe and following the latest updates to the healthcare guidelines. We will continue to face more challenges and changes related to the COVID-19 pandemic in patient care, staff and volunteer support, recruitment, and fundraising. Not a day has gone by that we did not have to adapt to something new and we will continue to adapt and become creative in order to meet these challenges and changes. Probably the most fulfilling thing we did was singing to patients outside the facilities where they reside, giving them the hope and support they have needed during this strenuous time of being in isolation.

I am happy to say we had 13 applicants for our Joseph Rasch Scholarship this year. Gretchen Pirtle was awarded the scholarship for 2021. Gretchen is currently a CNA and is completing her final semester in the RN Program at the College of Southern Idaho. She is very dedicated, driven, and thankful for this scholarship that lessens the financial load and allows her to focus on completing her nursing degree. Congratulations Gretchen. Once again, I want to thank Mike and Marie Rasch for their continued support of this scholarship! We all love and miss our Joe. If you know of anyone who is interested in applying for this scholarship, please have them visit our website at [hospicevisions.org](http://hospicevisions.org), or call the office at (208) 735-0121 and speak to Tracy Fien. Our dateline for accepting applications is from March 1st through April 30th, annually.

Last year, due to COVID-19, we made the decision to cancel our Annual Joseph T. Rasch Run/Walk that assists us in the funding of this special nursing scholarship. We had initially postponed it to September 12, 2020, but due to the continued pandemic, it was decided to reschedule it for September 18, 2021. Please see our website for further information or call our office for more information. He was such a great person and nurse and his memory remains near and dear in our hearts.

During our fiscal year from August 1, 2020 through July 31, 2021, we provided direct patient care to 370 patients and families throughout Cassia, Gooding, Jerome, Lincoln, Minidoka, and Twin Falls counties. In addition, our bereavement services connected us to many individuals and families regardless of their affiliation with our services. We continue to offer our "Visions of Hope" grief support group to anyone who is experiencing a loss, while adhering to the CDC guidelines of wearing masks and social distancing. So, if you know of anyone who may benefit from this service, please have them call our office for details.

Our compassionate care and specialized patient and family focus could not exist without the generous support of our team, volunteers, board of directors, families and friends, and the community as a whole. Thank you for your continued support of Hospice Visions, Inc. We look forward to continuing to enhance our partnerships with our community, and to be the hospice of choice to ensure that no one experiences the end-of-life journey alone, afraid, or in pain.

**Annually our Leadership Team and Board of Directors review our organization's mission, vision, and values to ensure that they continue to reflect our beliefs and philosophy.**

**They are as follows:**

**Our Mission**

*It is the mission of Hospice Visions, Inc. to provide exemplary service to patients, and their loved ones, who are coping with the challenges of life-limiting illness, and to provide outstanding community education on issues of death, dying, quality of life, and bereavement.*

**Our Vision**

*Be the hospice of choice to ensure that no one experiences the end-of-life journey alone, afraid, or in pain.*

**Our Values**

*Our Leadership Team reviewed our core values and we feel they guide us in our actions in how we provide services to our patients and their loved ones. They are reflected in what we say and do.*

**• Stewardship**

*Careful and responsible management of resources and relationships.*

**• Honesty**

*Fairness and straightforwardness of behavior.*

**• Love**

*Care based on admiration, common interest, and, benevolence.*

**• Accountability**

*Obligation or willingness to accept responsibility for one's actions.*

**• Respect**

*Admire and treat others well.*

**• Trust**

*Believe in the reliability, truth, ability, or strength of others.*

A handwritten signature in black ink that reads "Dami Shattner". The signature is fluid and cursive, with a long horizontal line extending to the right.

**RN, BSN**  
**Executive Director**

# Veterans

## WE HONOR VETERANS

We are pleased to announce that we have been recertified as a Five Star We Honor Veterans Program for another year!

We consider it a great privilege to be able to learn about the special needs of our veterans, and how to better assist both them and their families in navigating the VA system and addressing their individual needs.

Our staff and volunteers are given a minimum of four Vietnam Veteran specific trainings each year. We have cultivated relationships with our area Veterans Service Officers and state representatives regarding veterans' issues.

We are proud to have served 83 veterans as hospice patients and were honored to be able to have 17 individual pinning/recognition in the past year.

Some of our staff attend monthly veteran coalition meetings to stay connected with the needs of our area veterans and attend veteran events around the community.

Our veteran chaplains attend weekly veterans' café meetings with community veterans.

We recruit, train, and place Veteran-to-Veterans Volunteers who speak the language and share the brotherhood of other veterans.

***We have many passions here at Hospice Visions, Inc.  
and veterans are at the top of the list.***

*For questions regarding our*  
**"We Honor Veterans"  
Partnership or the  
"Veteran-to-Veteran"  
Volunteer Program**  
*please call the Visions office at*  
**208-735-0121.**

# 7<sup>TH</sup> Annual Vietnam Veterans Commemorative Welcome Home Event

## “Born to be Wild”

March of 2023 will mark the 50th anniversary of the last remaining U.S. Troops to leave Vietnam.

It's an honor for us to be able to welcome home our Vietnam Veterans with this event, which includes a motorcycle ride through Kimberly and Hansen, with a stop at the cemetery in Hansen. The riders then go on to Jerome, where the riders stop at the Vietnam Memorial. From there, they head into Buhl with a stop at the Snake River Canyon National Cemetery, Idaho's only National Veterans Cemetery.

When the riders return to the Twin Falls City Park band shell, they are treated to a free community BBQ. There, citizens and veterans from all branches of service and all wars and conflicts, can visit our local Veterans Services. Veterans can also visit with the Boise Mobile Veterans Unit, to assist them with any questions or connections they might have or need.

Twenty six motorcycles were escorted by two Twin Falls motorcycle officers and the Twin Falls Veterans SUV.

Hospice Visions volunteers, partnering Veterans Service Groups and most of all the Veterans make this event possible.

# Volunteers

**Nora Wells**

Volunteer and  
Teen Volunteer  
Coordinator

## Volunteers

***Volunteers are truly a work of heart!***

**We are so fortunate to have some of the finest people in the Magic Valley, volunteering for Hospice Visions, Inc.**

Even though Medicare still has our volunteer services as “suspended”, some of our volunteers have been active in the sing-a-longs at Assisted Living Facilities, sometimes outside through the windows, when they were not permitted to enter the buildings.

They have been busy with fundraisers and events that we host, and doing weekly tuck-in calls to our patients to make sure they have everything they need, and to make sure they are managed well.

We are slowly being allowed to have our volunteers visit patients in their own homes and the facilities where they live, something that has been sorely missed by both patients and volunteers.

We have remained diligent in maintaining monthly contact with our volunteers and keeping them updated on monthly trainings and information, to keep them connected.

We hope to be able to go back to “business as usual” for our patient care volunteers after the first of the year!

### ***Why be a Volunteer?***

*We grow more as humans by the selfless acts we do for others. Giving of your time to help someone else who is usually a perfect stranger in need of a volunteer, and having no expectations and knowing they will never be able to somehow repay you, opens the mind and soul to a deeper spiritual understanding.*

# Dream Requests

Hospice Visions provided care for an elderly patient who lived in an assisted living facility. She expressed that she had worn earrings her whole life and had always enjoyed accessorizing her outfits. The piercings in her ears had closed up and she was disappointed that she could no longer wear her earrings that have been such a big part of who she was.

Some weeks had gone by and the patient decided that she would try to get her earrings placed in her ears again. She discovered she was able to get one of her earrings in, however, the left side was closed shut. Ticked by the ability to wear one earring, the patient wore one earring for several weeks. She would make jokes with her care team that if someone had asked her where the other earring was, she would act surprised it was missing and then turn around and ask for their assistance in finding the “missing” earring.

One afternoon during a visit with one of her hospice care team members, she was asked if she would like to have the ability to wear two earrings again. She expressed that would make her very happy, however, she did not have the money or the ability to leave the assisted living facility due to her decline in health.

With the assistance of her care team and a local professional, Hospice Visions was able to bring a piercer to her room at the facility, so that she could once again enjoy wearing her earrings.

# Home Safe Home

**HOME  
SAFE  
HOME**  
HOSPICE VISIONS, INC.

**Senior  
Liaison  
Services**

Hospice Visions, Inc. is always looking for some way to reach out to those in need of help, often by providing education in different areas of healthcare. At times, seniors have complex medical and/or social issues, where having a professional clinician to consult with is a beneficial resource. The Home-Safe-Home program was designed to help those who are not sure where to get the help they need. A professional social worker does an effective consultation, and then, can provide important information about community resources including: caregiver resources, in-home meals, life line, benefit programs, and support groups. There is no charge for this consultation and in most circumstances, one visit is enough to provide the needed resources and alleviate much stress and worry for all parties involved.

Throughout the year, Hospice Visions, Inc. has been able to assist multiple community members with obtaining and receiving needed equipment for their homes, such as power lift recliners, motorized scooters, and hospital beds.

Recently an individual had come to the office seeking assistance with getting a friend whom she had been caring for into an assisted living facility as he was no longer safe to live at home and she was no longer able to help care for him as it was affecting her health. Together we were able to start the Medicaid application which provided him the financial means to move into assisted living. From there we were able to find a facility that would meet his needs and he was able to get moved into a better living situation for him and his friend.

A gentleman in the area was struggling to adjust to the recent loss of his spouse. The gentleman's physical health dwindled due to the depression and heart ache he was experiencing. He ended up being hospitalized with severe dehydration. The medical team was able to treat his physical needs of dehydration and get him started on medication for depression however he was still struggling to navigate the mental health system to obtain counseling services. Through a Home-Safe-Home consultation with a social worker at Hospice Visions, he was able to get connected with a therapist who accepted his insurance. Coordination was also able to happen with the gentleman's primary care physician to obtain a referral to a psychiatrist to monitor and prescribe medications to manage his mental health needs. A medication routine was established introducing a mediset organizer to help him keep the meds organized. Through the assistance of the Home-Safe-Home program this gentleman is on a better path to being able to cope with the loss of his wife surrounded by a new support network.

**Hospice Visions, Inc. is committed to use these Home-Safe-Home services to enhance the well-being of the community we serve. We look forward to tracking these services during the next fiscal year and will look for trends and opportunities to enhance this program, with our focus on outstanding community education. This is another service we provide to help fulfill our mission statement.**

# Family Comments

*Thanks for all of the help and support. They were there when needed the most.*

**Helen**

*Phil was treated with the utmost care and dignity. This is truly a caring and devoted team.*

**Lana**

*The attending nurse at end of life was spectacular. We could have not asked for more.*

**Gina**

*The care and compassion that was given to our family was outstanding. They all made a difficult situation easier to handle.*

**Karla**

*For the short time we had hospice, it was the best care I could have asked for. All of the staff was wonderful. They took care of everything. Could not have been more pleased.*

**Anita**

## Fundraising & Donations

*“It takes a village,” or in our case, a community, that works together to bring about a greater good for all its people, our neighbors.*

Since the birth of Hospice Visions, Inc., in 1995 as a 501(c)(3) non-profit organization, our goal has been to provide exemplary comfort, care, and love to anyone facing a life limiting illness or condition regardless of their ability to pay. Approximately 12.2% of Idahoans are still uninsured and may find themselves in need of Hospice care. Hospice Visions, Inc., is here for you, and your family. Through the generous support from the community, fundraising events, thoughtful donations, and grant opportunities, we are able to offer extra supportive services such as light touch massage and life legacy DVD's, to our patients and their families, in addition to exceptional hospice care.

We are very thankful for the loving kindness and generosity of our local merchants, vendors, services, and family members, who have given to us this past year. We received over \$35,354 in funds and in-kind donations in support of our annual golf tournament, the Commemorative Vietnam Veteran Welcome Home Event, Racing for Charity, and our memorial fund! With the support of our community, our events and fundraisers help us to provide the best in hospice care to our patients and their families. Recognizing that each day is a gift, we are dedicated through our fundraising and donations to help those entrusted into our care make the most of every day.

## Website Donations

Reserve your butterfly for the Live Butterfly Release, help support our Veterans events and celebrations, register your golf team for our annual tournament, or leave a gift in memory of a loved one, all online. Through the partnership of our vendor, our donation website is secure, safe, and convenient!

**[hospicevisions.org/donate](https://hospicevisions.org/donate)**

# **26<sup>th</sup> Annual Flo Slatter Memorial Golf Tournament**

Un-be-lievable! Encased in a world of COVID crazy, emerged one of the finest golf tournaments on record. Following the mandates of COVID-19, we registered our golfers, provided them masks, hand sanitizer, and grab-and-go alfresco breakfast this year.

Twenty five amazing golf teams played their hearts out in support of Hospice Visions, Inc. Our golf tournament is our largest fundraiser of each year. We are so appreciative of those who have stuck with us through thick and thin over the past 26 years.

We are privileged to offer exemplary hospice care to anyone facing a life limiting illness or condition, regardless of their ability to pay.

This does not negate their need for comfort, care, and love during one of the most vulnerable times in their lives.

Not only did we have a surprising turnout on the golf course, but every one of our golfers gave generously to the onsite raffle and games played on the course to help us raise \$15,950.05 for our charity care fund.

We are thankful for the beautiful weather on August 15th, 2020, and for every player who braved to golf this year.

***Thanks to all the individuals,  
businesses, and community partners.***

# Racing for Charity

Motivated by a difficult year for many nonprofit organizations, a small group of local people joined forces, forming an entity to provide critical funding. Thus, in 2020, Racing For Charity, Inc. was founded for the purpose of raising funds for charitable organizations in the Magic Valley.

The first fundraising event being hosted by Racing for Charity is a Kentucky Derby Celebration at Fleur de Lis Ranch May 1st, 2021, featuring Kentucky Derby themed activities.

Fleur de Lis Ranch, Farmers Bank, and the Janice Seagraves Foundation committed to title sponsorships.

All directors and other volunteers donated their time and energy to this event, assuring that 100% of the proceeds will benefit local charities.

The event burst out of the starting gates with over \$145,000 in their coffers. The Kentucky Derby was shown on two large screens in the Fleur de Lis arena, where a live and silent auction took place before and after a wonderful prime rib dinner.

When all was said and done, Racing for Charity raised over \$200,000, which was divided amongst 21 local Magic Valley charities.

**We can't wait to see what the founders of this event will come up with next year!**

# 9<sup>TH</sup> Annual Butterfly Release

On June 26th, we gathered together with friends, family, and community members for our 9th Annual Live Butterfly Release Memorial Event, which took place at Orton Botanical Garden in Twin Falls.

This community wide event celebrates lives lived, loved ones memories, and the continuation of living.

Over 200 Painted Lady butterflies were released into to garden, with a whispered message from the one who released the butterfly, to the loved one who has passed on.

The Native Americans believed that only the butterfly who has transformed from a caterpillar to a butterfly is the only creation in nature that can cross from the present into the eternal, and then back to the present, to deliver a message of love and remembrance to those in the spirit.

Sharing this time with friends, families, and the community is something we look forward to each year. We feel at home in the Orton Botanical Garden as we release our butterflies, because they have a ready and waiting home after they pass through the veil to speak to our loved ones, and come back again.

# The Quilting Spuds

## "Butterflies Spreading Love"

The Quilting Spuds outdid themselves once again! "Butterflies Spreading Love", in memory of Norman Kyle Skinner, was truly a work of art.

We are so grateful to the Quilting Spuds for donating a quilt to Hospice Visions, Inc., every year, for us to raffle, and for our staff who participate in the raffle by selling tickets.

The "Butterflies Spreading Love" quilt generated \$1,620.00 in raffle ticket sales.

Funds from the quilt raffle, like the funds raised from our golf tournament, help offset the cost of hospice care for those who have no resources. The drawing was held on November 2, 2020, at the Visions office.

The winner of this beautiful quilt resides in Jerome, ID, and was simply thrilled that the single ticket she purchased was the winning ticket!

**A very special thanks to the Quilting Spuds for their loving, handmade gift to Hospice Visions, Inc!**

# Fundraising

## 5<sup>th</sup> Annual Art of Life

The 5th Annual “Art of Life” Charity Art Event, formerly known as “Art for Hospice”, took place on October 9th and 10th at the Hilton Garden Inn in Twin Falls, ID. Seventeen artists, from south central Idaho, displayed over 145 pieces of art for sale during this event.

On Friday, October 9th, there was a well-attended artists’ reception, complete with hors d’oeuvres and a no-host wine bar. On Saturday, October 10th, people from all over south central Idaho, as well as travelers staying at the Hilton Garden Inn, continued to enjoy the amazing talents of our Idaho artists.

All proceeds raised from this event benefit our “Visions of Home” Hospice Home, located in Jerome, ID, as per the wishes and creative desires of artist, Maria Smith.

Maria sadly passed on two years ago, but the event prevails in her honor. A special note of thanks goes to artist Kathy Lilyfield for her tireless efforts in helping to make this charity art event a success, five years running.

*“Visions of Home”*

# **“Visions of Home” Hospice Home**

Each year, since 2006, St. Luke’s Magic Valley Medical Center has awarded us funding through their Community Health Improvement Fund. These dollars are used to ensure Hospice Visions, Inc. can meet the needs of our community by defraying costs and providing care at our “Visions of Home” hospice house. Hospice Visions, Inc. provides hospice care in this peaceful, quiet, home-like environment to those with limited income as if it were the patient’s own home. Without the help of our community, local businesses, and legacy donations, our ability to provide access to quality, compassionate care and supportive services would be impacted
